

Pixels for Pets

Fine Art Printing for Animal Lovers

My Promise to You

"Hello, I'm Maryle Malloy, Founder of Pixels4Pets. Animals both large and small, have made my life more complete. In return, I've loved them, cared for them, and suffered with them as their time on earth ended.

Just as I have cared for the animals entrusted to me, I promise that we will handle your precious photo memories with the attention they deserve."

Fine Art Printing. Framing. Photo Customization.

Canvas & Fine Art Paper

Memories last for a lifetime when we transform your photograph into Fine Art. Printing your image on archival Canvas or one of our Fine Art Papers turns a photograph into a museum-quality work of art that meets the highest archival standards in the printing industry.

The top left and top center images were digitally customized by us with oil paint effects.
